INDUSTRIE MANUFACTURING

We are an internationally active industrial manufactory with around 200 employees and are regarded in industry and trade as an efficient supplier specialist for holistic solutions in the field of wood and high-quality solid surfaces and acrylic materials.

Whether one-of-a-kind or series production, with Hasenkopf you have the right partner for your projects.

INNOVATION AND TRADITION

Hasenkopf Industrie Manufaktur GmbH embodies tradition and innovation in equal measure. As a respected company, we have been setting standards in the processing of solid surface materials and other high-quality materials since 1964.

The focus is on tailor-made product solutions for architects, designers and craftsmen at the highest level.

HASENKOPF TODAY

We see ourselves as an industrial manufactory for craftsmanship excellence, reliable quality and made-to-measure perfection.

60

Years of Experience

For more than half a century, we have been realizing special and extravagant customer requests and responding flexibly to individual requirements.

180+

Employees

We are an international industrial manufactory with around 180 employees for solutions in the field of wood, high-quality solid surface and acrylic materials.

8.000+

Customers

Our customers benefit from the advantages of industrial production, such as fast order processing, proven quality, efficiency and just-in-time delivery.

300.000+

Projects

Using state-of-the-art technology, we not only manufacture unique one-of-a-kind pieces on 22,000 m² of production space, but also produce perfection in series.

MISSION

Products: We are continuously develop innovative and sustainable product solutions that inspire.

Production: In a pleasant atmosphere, we continuously develop production processes and ensure our promise of quality.

Processes: We digitize new processes to make collaboration transparent and efficient.

Sales and Marketing: We understand the challenges of our customers and develop unique solutions with competent employees.

People and Culture: We inspire and promote our employees and talents.

VISION

We create moments of joy.

VALUES

Trusting partnership: We are a strong team and reliable partner.

Quality in action: Uncompromising standards meet the highest standards in every area.

Sustainable responsibility: We take responsibility for our actions as well as the environment and society, thereby ensuring our long-term economic success.

Unique solutions: The individual wishes of our customers are at the heart of everything we do.

Courage to try new things: We break new ground. This is what makes our “Simply Special” service.

OUR MATERIALS

Solid Surface

Custom designs such as washbasins, countertops and wall coverings. Robustness and a supple, non-porous texture guaranteed.

Wood

A noble, natural material that has been convincing for thousands of years with its warmth and special feel.

Materialmix

Acrylic impresses with transparency and weather resistance.

Other Premium Materials

Premium gypsum fibre for the highest safety standards. Ideal for flame retardant areas, excellent acoustics and artistic surface design.

SOLID SURFACE

Solid surface is an innovative material made from a mixture of mineral components and synthetic resins. It is characterized by high flexibility, strength and resistance.

Natural Rock Powder

High-quality acrylic resin

MIRAKLON® by Hasenkopf

BENEFITS OF ACRYLIC-BONDED SOLID SURFACE

- Solid, hard-wearing and robust material
- Seamless bonding
- Pleasant, non-porous surface
- Durable and therefore sustainable
- Homogeneously coloured through
- Thermal formability
- UV-resistant and lightfast
- Translucent with low material thickness
- Repairable
- Easy to clean and hygienic

PROCESS

Molding

- + high quantity
- + customized
- + High-quality acrylic casting process

Shaping

- + 3D Shaping
- + Thermal shaping
- + Highest precision and individuality

Sticking

- + Exact dimensions
- + Seamless connection of Pieces
- + Almost infinitely large areas

Excellent Result

- + Connection of our products from Solid surface material and wood
- + Network for professional installation

WOOD

- + natural and renewable
- + easy to process
- + various types of wood / wood materials
- + can be combined with other material

A natural raw material that has stood for durability, warmth and versatility for thousands of years.

WOOD MATERIALS

Special decors available on request.

SOLID WOOD

- + Maple, beech, oak, ash, spruce, American walnut & smoked oak
- + Raw, varnished or oiled

MDF

- + Profiles in white, foil-coated
- + MDF real wood veneer in maple, beech, oak and American walnut
- + Primer film

PLYWOOD

- + Very stable
- + Birch multiplex and beech multiplex

CHIPBOARD

- + Lightweight & resource-saving
- + Decors in white, black, silver, grey, anthracite

FRESCATA SURFACES

The combination of the processing techniques of casting, forming and milling allows us to find an individual solution for each product. From wave patterns, geometric designs, dots or other organic shapes to ornaments, fonts, logos and photorealistic images.

The HASENKOPF Frescata collection offers a selection of over 30 different structures.

PRODUCTION

We are an industrial manufactory. With state-of-the-art technology and 22,000 m² of production space, we not only manufacture unmistakable one-of-a-kind pieces, but also produce perfection in series as an efficient supplier specialist. That's why we call ourselves Industrial Manufactory, because our customers benefit from the advantages of industrial production, such as fast order processing, proven quality, efficiency and just-in-time delivery.

MANUFACTURING

We are craftsmen. We implement unusual customer wishes and respond flexibly to individual requirements - from a quantity of 1.

Passion

Quality

Precision

INDUSTRIAL

We are industrial. As an efficient delivery specialist, we produce series to perfection.

DRAWERS

It all started with the production of drawers. Even today, it is an important part of our company. We are driven by our passion for first-class drawers and stand for quality and precision. At Hasenkopf, drawers are more than just furniture components – they are a symbol of our commitment and expertise.

PERFECTION IN EVERY DETAIL

A statement of quality, precision and innovation. With decades of experience and constant development, we have perfected the art of drawer production.

High-quality
guide systems

For long-term use.

Kitchen drawers

The classic in many variations.

Made-to-measure
drawers

Create your own unique drawer.

Special

Individual production according to customer requirements.

OUR PASSION

FROM IDEA TO ASSEMBLY

With us, every order is accompanied by experienced professionals – technical advice, design and visualization go hand in hand with production and logistics. Supported by state-of-the-art machinery, we implement the most demanding projects.

QUALITY

We have a reputation for quality and excellent service through experience, competence and flexibility in meeting individual requirements.

- + In-process control, final inspection
- + Quality Network Partner: Warranty: at least 2 years
- + Up to 10-year warranty on lightfastness for certain colours
- + Repairs/Maintenance
- + Refurbishment & retrieval

HOLISTIC SOLUTIONS

- + We advise our customers
- + Service and advice: A personal contact who will provide you with technical and commercial support throughout the entire order
- + Provision of material and color samples of the materials used
- + Creation of CAD drawings and visualization using 3D models for better illustration
- + Personalization with lettering and logo, as milling, inlay or raised structure
- + Ready-to-assemble delivery, including installation on request by experienced specialists on site
- + Professional maintenance, care and reconditioning of the finished objects

ADVANTAGES OF HASENKOPF

Materials and functional integration

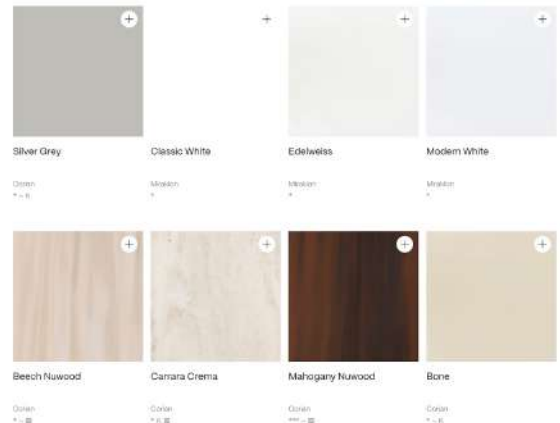

- + Large selection of mineral and wood materials in different thicknesses
- + Wide range of colors and structures for the realization of your design ideas
- + Combined installation with a variety of other materials possible: including solid wood, decorative/Fenix ® and HPL laminate panels, MDF, chipboard, multiplex, precious metal, glass, mirrors and fabrics
- + Tailor-made substructures and furniture bodies
- + Planning and integration of lighting and electronic applications

CONFIGURATOR

- + 3D Visualizations
- + Design detail overview (save PDF and print)
- + Availability 24/7
- + Instant Quote Price

The screenshot displays the 'HASENKOPF' configurator interface. On the left, a 3D rendering shows a white, bowl-shaped sink with a black, curved faucet mounted on a light-colored countertop. The interface includes a navigation menu (hamburger icon), a search bar with 'Simply Special' and a magnifying glass icon, and a '24%' progress indicator. Below the 3D view, there are zoom controls (+, -) and a 'Designlinie 1 Auswählen' button. A central 'ID öffnen' button is also present. On the right, the 'Wandlayout' section shows four options: 'Nische', 'Wand hinten' (selected), 'Wand rechts und hinten', and 'Wand links und hinten'. The 'Abmessungen' section features three sliders: 'Länge' (1425 mm, range 800-1700 mm), 'Breite' (550 mm, range 500-600 mm), and 'Dicke' (35 mm, range 25-300 mm). The 'Becken' section is partially visible. At the bottom right, the price is listed as '2.584 €*' with a note 'ca. 8 Wochen Lieferzeit' and an 'anfragen' button.

SUSTAINABILITY AT HASENKOPF

At Hasenkopf, we are aware of our responsibility towards the environment and society. Sustainability and ESG (Environmental, Social, Governance) are not just buzzwords for us – they are an integral part of our corporate philosophy and our daily work.

We take a holistic approach to create positive change and create a sustainable future.

OUR COMMITMENT TO A BETTER FUTURE

What does that look like for us?

Sustainable Production

Our mission at Hasenkopf is to create innovative solutions for a sustainable future. We know this is an ongoing process that requires ongoing commitment.

Social Commitment

With a safe work environment, promoting diversity and inclusion, and social initiatives in our community, we are committed to the well-being of all. Our partnerships are based on fairness and trust.

Environmental Awareness

We continuously strive for resource efficiency and minimize our ecological footprint. In doing so, we pursue ambitious goals to reduce energy consumption, waste production and emissions.

REFERENCES

For 60 years, we have been a flexible and innovative partner for architecture and craftsmanship.
