MIRROR ROUND

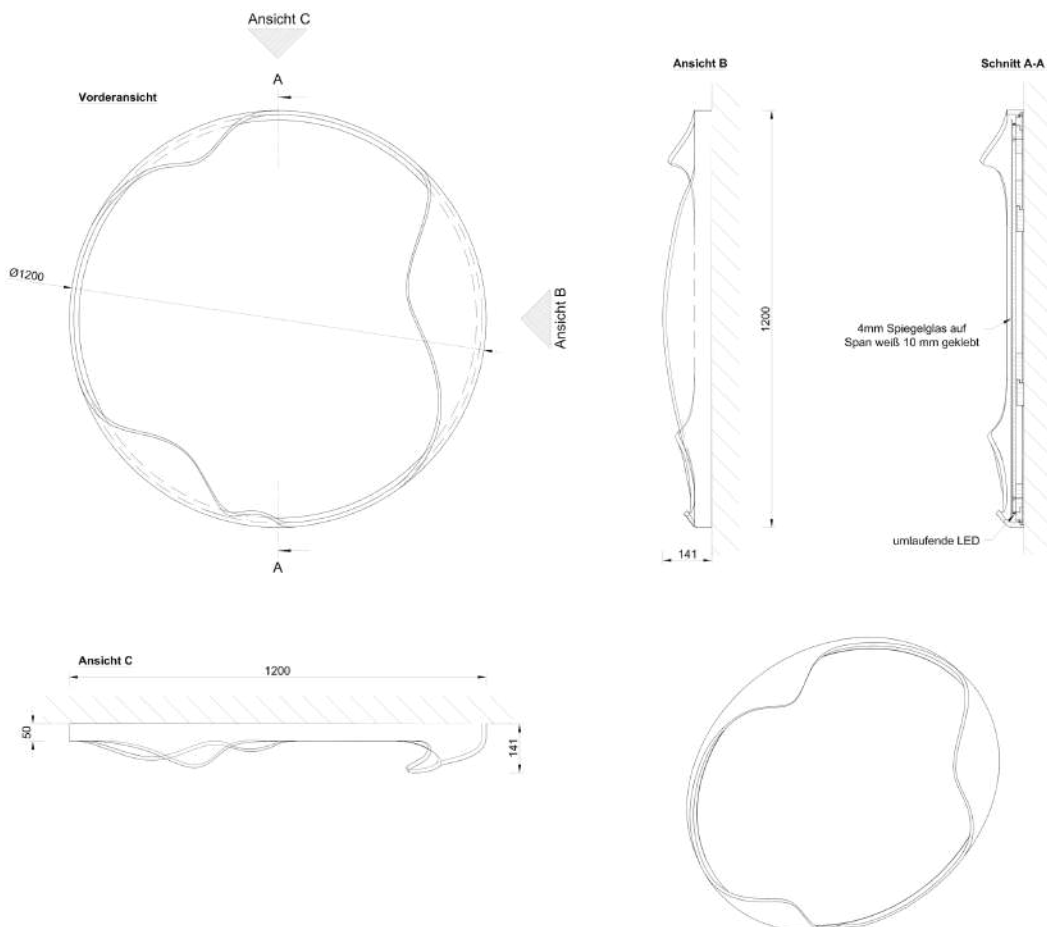

The DL3 round mirror with a diameter of 1200mm is a real eye-catcher. The indirect LED lighting in natural white (4000K) ensures even illumination and offers maximum comfort in any room.

*Other light colors on request

The wave-shaped 12 mm thick solid surface frame lends the mirror elegance and fits perfectly with our design line 3, among others.

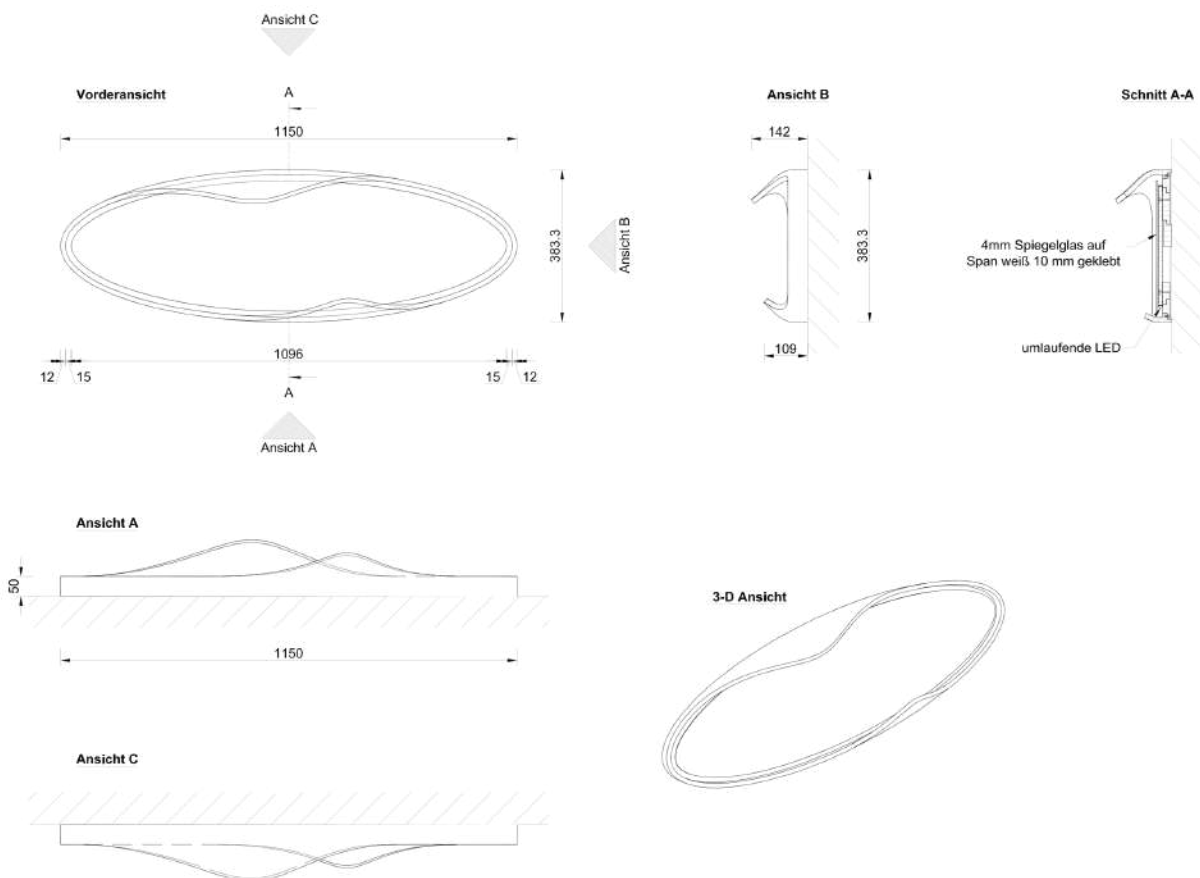

MIRROR OVAL

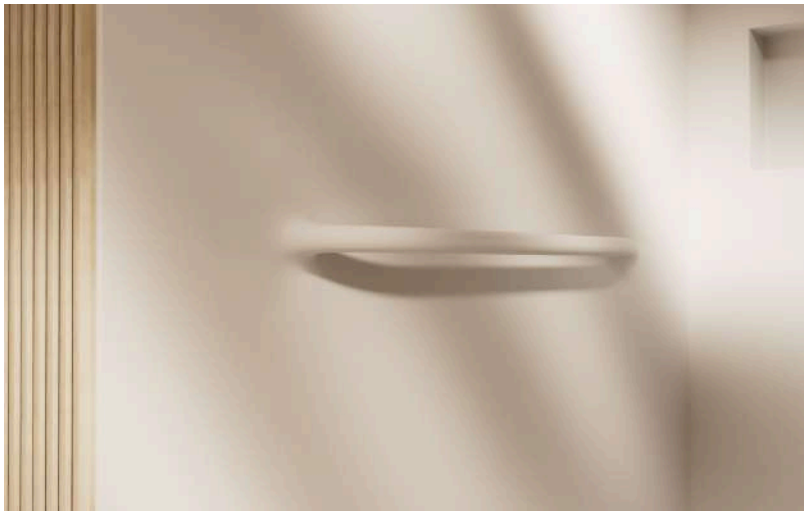

The DL3 oval large mirror and DL3 oval small mirror made of a 12 mm thick solid surface frame are stylish and functional. The solid surface material not only provides a sophisticated look, but also makes the mirrors particularly robust and durable.

The elegant shape of the mirror and the modern wave design, which is created by thermoforming, make the mirror a timeless accessory that harmonizes with both classic and modern furnishing styles.

HANDLE

Handle made of solid surface material. Seamlessly integrated into the surface and available in 2 lengths: 400 mm & 800 mm.

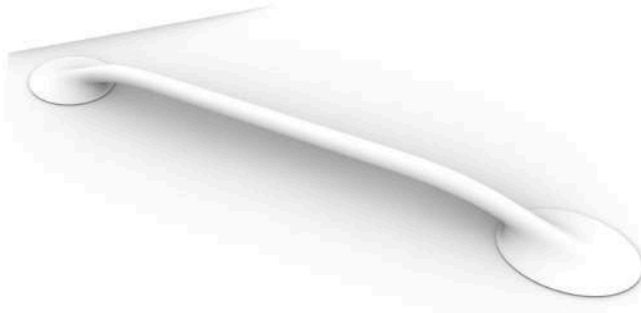

Can be retrofitted to already installed solid surface showers on request.

Duschgriffe 1190 x 800 x 52 mm

Duschgriffe 790 x 400 x 52 mm

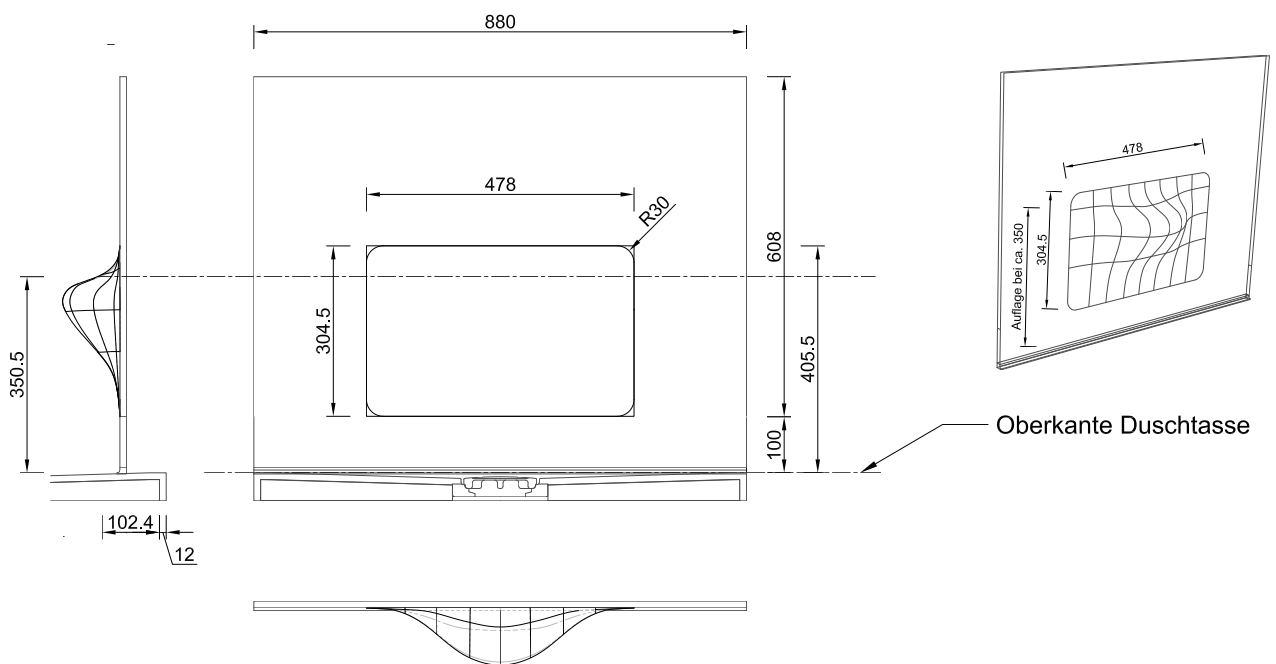

FOOTREST

Ergonomically shaped footrest made of solid surface material, seamlessly integrated into the surface.

Comfortable to use thanks to a slight slope and can be retrofitted to existing solid surface showers on request.

NON-SLIP FUNCTION

Non-slip surface
for shower trays made of solid surface material
Dimension: per m²

The already achieved slip-resistant
surface of Corian® (slip class C) can be significantly
improved by additional roughening.

Long-lasting effect:
Thanks to our innovative design, the surface can be reworked and the anti-slip
property can be (re)created effortlessly if required.
